### Short Biography

Jong-Beom Baek is a professor/director at the School of Energy and Chemical Engineering/Center for Dimension-Controllable Organic Frameworks, Ulsan National Institute of Science and Technology (UNIST), South Korea. After awarding his Ph.D. degree from Polymer Science, University of Akron (USA, 1998), he joined the Wright-Patterson Air Force Research Laboratory (AFRL). Then, he returned to his home country to take up a position as an assistant professor at Chungbuk National University in 2003, before moving to UNIST in 2008. His current research interests include the syntheses of two- and three-dimensional high-performance organic network structures and the chemical modifications of carbon-based materials for multifunctional applications, including energy conversion and storage. He has authored and co-authored over 230 peer-reviewed publications in the areas. He has also registered and filed over 70 international and domestic patents. Some of them have been transferred to an industry and started his own companies for commercialization.

### Education

- 1994-98 University of Akron, Akron, Ohio, Polymer Science, Ph. D.
- 1991-93 Kyungpook National University, Taegu, Korea, Polymer Science and Engineering, M. En.
- 1984-91 Kyungpook National University, Taegu, Korea, Industrial Chemistry, B. En.

### Appointments

- 2014-12 Director, Center for Dimension-Controllable Organic Frameworks (The Largest Individual Project for Leading Scientists in Korea)
- 2010-04 Director, Low-Dimensional Carbon Materials Center
- 2008-08 Professor, Ulsan National Institute of Science and Technology, School of Energy & Chemical Engineering
- 2016-08 Visiting Scholar, Pacific Northwest National Laboratory (PNNL)
- 2008-08 Visiting Scholar, Georgia Institute of Technology, Atlanta, GA
- 2003-09 Assistant ~ Associate Professor, Chungbuk National University, Department of Industrial Chemistry
- 1999-03 Research Chemist, US Air Force Research Lab/UDRI, WPAFB, OH
- 1998-99 Research Associate, Liquid Crystal Institute, Kent State University, Kent, OH

### Honors and Awards

- 2021 Prime Minister Award for Grand Energy Challenge
- 2021 Associate Editor of *Advanced Electrode Materials*
- 2020 Academician of the **Korean Academy of Science and Technology (KAST)**, Korea
- 2020 **Korean Scientist of the Month** (November, 2020)-MIST, Korea
- 2020 **LG Chemicals Researcher Award-PSK**
- 2020 Editorial Board Member of *Materials Advances*
- 2020 Editorial Board Member of *Journal of Materials Chemistry A*
- 2011 Associate Editor of *Carbon Letters*
- 2016 Editorial Board Member of *Energy Storage Materials*
- 2016 Editorial Board Member of *FlatChem*
- 2011 Editorial Board Member of *Materials Research Express*
- 2008 Editorial Board Member of *Macromolecular Research*
- 2021 Selected **2021 Highly Cited Researcher (HCR)**, Clarivate Analytics
- 2020 Selected **2020 Highly Cited Researcher (HCR)**, Clarivate Analytics
- 2019 Selected **2019 Highly Cited Researcher (HCR)**, Clarivate Analytics
- 2018 Selected **2018 Highly Cited Researcher (HCR)**, Clarivate Analytics

## JONG-BEOM BAEK

- 2017 Selected Top 10 Nanotechnologies in Korea, Korea Nano Technology Research Society (KONTRS)
- 2016 Minister Award for Top 10 Outstanding Researchers, Ministry of Science, ICT & Future Planning
- 2016 Selected Top 100 Outstanding Research, Ministry of Science, ICT & Future Planning
- 2015 Selected Top 10 Science News in Korea, Korean Federation of Science and Technology Societies (KOFST)
- 2015 Minister Award for Outstanding Researchers, Ministry of Science, ICT & Future Planning
- 2013 Minister Award for Outstanding Researchers, Ministry of Economy and Knowledge (MEK)
- 2011 Outstanding Research Award, National Research Foundation (NRF), Korea
- 2011 Outstanding Research Award, National Science & Technology Commission (NSTC), Korea
- 2011 Minister Award for Outstanding Teachers, Ministry of Education, Science and Technology
- 2007 Outstanding Research Award, National Research Foundation, Korea
- 1999 National Research Council (NRC) Research Fellowship Award, NASA-Langley Research Center
- 1993 Korean Government Overseas Scholarship Award (Polymer Chemistry), Ministry of Education
