Short Biography

Jong-Beom Baek is a distinguished professor/director of the Department of Energy and Chemical Engineering/Center for Dimension-Controllable Organic Frameworks, Ulsan National Institute of Science and Technology (UNIST), South Korea. After awarding his Ph.D. degree from Polymer Science, University of Akron (USA, 1998), he joined the Wright-Patterson Air Force Research Laboratory (AFRL). Then, he returned to his home country to take up a position as an assistant professor at Chungbuk National University in 2003, before moving to UNIST in 2008. His current research interests include the syntheses of two- and three-dimensional high-performance organic network structures and the chemical modifications of carbon-based materials for multifunctional applications, including energy conversion and storage. He has authored and co-authored over 260 peer-reviewed publications in the areas. He has also registered and filed over 70 international and domestic patents. Some of them have been transferred to an industry for commercialization and also started his own company (www.ruc2n.con).

Education

1994-98 University of Akron, Akron, Ohio, Polymer Science, Ph. D.
1991-93 Kyungpook National University, Taegu, Korea, Polymer Science and Engineering, M. En.
1984-91 Kyungpook National University, Taegu, Korea, Industrial Chemistry, B. En.

Appointments

2022-11 Distinguished Professor, Ulsan National Institute of Science and Technology, Department of Energy & Chemical Engineering
2014-12 Director, Creative Research Initiative (CRI) Center for Dimension-Controllable Organic Frameworks (Research Program for Leading Scientists in Korea)
2010-04 Director, Low-Dimensional Carbon Materials Center
2008-08 Professor, Ulsan National Institute of Science and Technology, Department of Energy & Chemical Engineering
2016-08 Visiting Scholar, Pacific Northwest National Laboratory (PNNL)
2008-08 Visiting Scholar, Georgia Institute of Technology, Atlanta, GA
2003-09 Assistant ~ Associate Professor, Chungbuk National University, Department of Industrial Chemistry
1999-03 Research Chemist, US Air Force Research Lab/UDRI, WPAFB, OH
1998-99 Research Associate, Liquid Crystal Institute, Kent State University, Kent, OH

Honors and Awards

2022 Selected **2022 Highly Cited Researcher (HCR)**, Clarivate Analytics
2021 Selected **2021 Highly Cited Researcher (HCR)**, Clarivate Analytics
2020 Selected **2020 Highly Cited Researcher (HCR)**, Clarivate Analytics
2019 Selected **2019 Highly Cited Researcher (HCR)**, Clarivate Analytics
2018 Selected **2018 Highly Cited Researcher (HCR)**, Clarivate Analytics
2022 Selected Top 12 Outstanding Researches, Ministry of Science & ICT
2022 Selected Top 100 Outstanding Researches, Ministry of Science and ICT
2022 **TORAY Science and Technology Laureate**
2021 Prime Minister Award for Grand Energy Challenge
2021 Academician of the **Korean Academy of Science and Technology (KAST)**, Korea
2020 **Korean Scientist of the Month** (November, 2020)-MIST, Korea
2020 **LG Chemicals Researcher Award**-PSK
2022 Editorial Board Member of *Accounts of Materials Research*

2022 Editorial Board Member of *DeCarbon*
2020 Editorial Board Member of *Materials Advances*
2020 Editorial Board Member of *Journal of Materials Chemistry A*
2016 Editorial Board Member of *Energy Storage Materials*
2016 Editorial Board Member of *FlatChem*
2011 Associate Editor of *Carbon Letters*
2011 Editorial Board Member of *Materials Research Express*
2008 Editorial Board Member of *Macromolecular Research*
2017 Selected Top 10 Nanotechnologies in Korea, Korea Nano Technology Research Society (KONTRS)
2016 Minister Award for Top 10 Outstanding Researchers, Ministry of Science, ICT & Future Planning
2016 Selected Top 100 Outstanding Researches, Ministry of Science, ICT & Future Planning
2015 Selected Top 10 Science News in Korea, Korean Federation of Science and Technology Societies (KOFST)
2015 Minister Award for Outstanding Researchers, Ministry of Science, ICT & Future Planning
2013 Minister Award for Outstanding Researchers, Ministry of Economy and Knowledge (MEK)
2011 Outstanding Research Award, National Research Foundation (NRF), Korea
2011 Outstanding Research Award, National Science & Technology Commission (NSTC), Korea
2011 Minister Award for Outstanding Teachers, Ministry of Education, Science and Technology
2007 Outstanding Research Award, National Research Foundation, Korea
1999 National Research Council (NRC) Research Fellowship Award, NASA-Langley Research Center
1993 Korean Government Overseas Scholarship Award (Polymer Chemistry), Ministry of Education
